NYCL Mission & Vision

National Youth Cricket League (NYCL), vision is to create a forum which shares knowledge, information to all those associated with youth cricket and create opportunities for kids across various age group and locations play the game with a wider audience.

Today youth cricket is spread across country and get very minimal information sharing or opportunities to play beyond their club games or regional clubs. Our goal is to start with a national level tournament so kids have an event to look forward to and compete against variety of skills across the country. Getting an opportunity to see the talent across country and where they stand individually will help these kids immensely in improving their own game.
